Boulder Valley Health Center Announces the Return of Condom Couture

The Annual Event Will Celebrate 50 Years of Healthcare Services in Boulder Valley

Boulder, CO–August 15, 2023– [Boulder Valley Health Center](#) (BVHC) announced today the details of their annual event, [Condom Couture](#). The fashion-forward event will further mark the organization's 50th anniversary and will take place on Saturday, September 23, 2023 at the Jewish Community Center located at 6007 Oreg Ave, Boulder, CO 80303. The event starts at 6pm for table reservations and at 6:30pm for general admission guests. Guests are asked to wear festive 70s attire in celebration of this fun night that includes a night of burlesque and drag performances. Tickets start at \$125 and include food, beer, wine and a 70s celebratory cocktail and may be purchased [here](#).

All performers and designers are Colorado-based and they are thrilled that Condom Couture is back in-person after a 3-year hiatus. Cabaret tables seat six guests and give you the best seats in the house for watching the performers wearing couture constructed from condoms. Corporate [sponsorship](#) packages are available. For more information please contact me at jennifer@bvwhc.org. or 303-442-5160 x115," said Jennifer Johnson, BVHC Director of Development.

"Condom Couture is a night like no other event in Colorado. Our past attendees have been asking for a return of Condom Couture, and we're delighted it's back for this very special anniversary year of our trail-blazing organization," said Dr. Savita Ginde, CEO, BVHC. "The evening promises to be great fun yet we won't forget the seriousness of the political climate in this country that is profoundly affecting women's reproductive rights and gender affirming care across our country. The funds that we hope to raise this evening will help us continue our expanded mission to deliver caring, nonjudgmental reproductive health services for all individuals in our community."

Condom Couture brings people with a healthy dose of curiosity, creativity and passion for raising awareness about the issues around abortion and reproductive healthcare. The evening features

drag performers, burlesque, singers and much more. One of our returning performers, Trey Suits, was part of Drag Nation just last year, here's a [link](#) to see that amazing performance. You will be awed and inspired by the talented performers and the creativity of the designers, many of whom are returning from years past and some new this year.

A forthcoming release will detail 2023 Condom Couture sponsors and partners.

About Boulder Valley Health Center:

Boulder Valley Health Center is a non-profit sexual and reproductive healthcare clinic that provides affordable services to all people regardless of background, gender, or sexual orientation. Our team of skilled doctors, nurses, counselors, and support staff rewrite the story of sexual and reproductive healthcare by embracing a warm, personalized, and holistic approach to our care. We believe true well-being encompasses every aspect of a person's life, including their physical, mental and relational health. To learn more about our complete suite of offerings and schedule an appointment with one of our caregivers, please visit our website: <https://bouldervalleyhealth.org>
