

Boulder Valley Health Center

COMMUNITY CHRONICLE

*Keeping you in the know on our movement to further
sexual & reproductive health FREEDOM*

Hello BVHC Family!

A Note from Our CEO, Savita:

I want to extend my heartfelt gratitude for your steadfast support. Your commitment ensures that Boulder Valley Health Center continues to provide compassionate, life-affirming abortion care, regardless of the challenges we face.

I am delighted to share the wonderful news that Colorado Amendment 79 has passed! This historic victory enshrines the right to abortion in our state constitution, protecting it from future legislative restrictions. Additionally, this amendment paves the way for public employers' health insurance plans to cover abortion care for government employees and sets the stage for extending Medicaid coverage for this essential procedure. This progress represents a monumental step forward in achieving equity in reproductive healthcare in Colorado.

However, the recent shift in federal leadership brings significant uncertainty. We anticipate a potential return to restrictive policies, such as the domestic gag rule from the previous Trump administration, which prohibited clinics receiving Title X funding from even mentioning abortion care to patients. We are also closely monitoring the possibility of federal actions targeting medication abortion. A Trump-led FDA could reverse the approval of mifepristone or impose severe limitations on its use, drastically impacting access to this safe and essential care. And this may just be the beginning.

Your generosity not only sustains our services but also equips us to prepare for and respond to these evolving challenges. Together, we can continue to expand access, defend reproductive rights, and ensure that no one is left behind.

Thank you for your unwavering commitment to justice and compassion. Your support changes lives every day. If you have any questions or concerns, please respond to this email.

Your Donation Matters

[DONATE TODAY](#)

Support Abortion Access This Colorado Gives Day

Patients from across the country turn to our clinic for compassionate, life-affirming abortion care—often traveling hundreds or thousands of miles to access the services they need. This Colorado Gives Day you have the opportunity to double your impact.

Donations up to \$100 will be matched, helping us ensure that cost is never a barrier to care for those who need it most. Your gift supports critical services, safe access, and a warm welcome for every patient who walks through our doors.

Join us in protecting reproductive rights. **Donate today and make twice the difference!**

Around the Clinic

No One Should Endure This to Access Healthcare

It is infuriating that patients seeking basic healthcare are forced to face harassment and intimidation from protesters outside our clinic. No one should have to navigate hateful, invasive behavior just to access the care they need and deserve.

Despite this unacceptable reality, our incredible volunteer patient escorts step in with courage and compassion. They ensure that no patient has to walk alone, offering safety, support, and a sense of dignity in the face of hostility.

We shouldn't need escorts to shield patients from harassment—but until this stops, we are deeply grateful to those who stand alongside us. Together, we fight for a world where access to healthcare is free from judgment, fear, or shame.

Protect Abortion Access—Your Support Makes It Possible

As we close out the year, your generosity is more important than ever. With your help, we can continue to provide compassionate, high-quality abortion care to those who need it most, regardless of their financial situation.

Your donation today directly supports:

- Expanding access to abortion care for underserved communities.
- Ensuring our clinic remains a safe haven for care during uncertain times.

[DONATE TODAY](#) or send a check to: 2855 Valmont Rd., Boulder, CO 80301

(Every gift is 100% tax-deductible and changes lives.)

Your support strengthens our community and ensures that reproductive healthcare remains accessible to all. Thank you for standing with us.
